Hon. R. B. A. Robinson, of this County, received a few days ago a letter from a kinsman at McEhee, Ala., announcing the death of another kinsman, Mr. Benj. A. Bigby, which occurred at that place recently. Mr. Bigby was the only child of J. Wesley and Milly Bigby, who moved from this section to Alabama more than fifty years ago. Farmers who fail to use good bagging, and enough of it to entirely cover their cotton, make a great mistake. Rotten and ragged bagging always depreciates the price on that bale, and those who do not use enough bagging to cover the sides and ends lose the difference between the price of cotton and that of bagging for the amount of bagging lacking on each bale. The present price of cotton makes a good profit on the bagging, and farmers should use enough to market their cotton in desirable shape.

Last Thursday Mr. Gentry wired the chairman of the Board to secure another teacher at once, as he had accepted a better position in Anderson County.
